We offer a highly portable container, designed as a shop space, to load portable batteries, to filter water and sell clean water & energy.

From portable units to large-scale structures, these self-contained systems offer customizable solutions for generating and storing solar power. In this guide, we'll explore the ...

The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which makes them ideal for remote areas and versatile applications like mining, ...

The Mobil-Grid [®] is an ISO-standard, CSC-approved maritime container that integrates a photovoltaic power plant, ready to be deployed and ...

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution ...

The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which makes them ideal for remote areas and ...

With our Mobile Photovoltaic Energy Storage Container System, we're proud to offer a practical, scalable solution that empowers individuals and businesses to embrace ...

From portable units to large-scale structures, these self-contained systems offer customizable solutions for generating and storing ...

Designed for Plug and play operations, the ZSC range of mobile solar power is easy to setup and commission.

The compact container is easy to transport and is a low maintenance asset on site.

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency ...

LZY Mobile Solar Container System - The rapid-deployment solar solution with 20-200kWp foldable PV panels and 100-500kWh battery storage. Set ...

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a ...

LZY Mobile Solar Container System - The rapid-deployment solar solution with 20-200kWp foldable PV panels and 100-500kWh battery storage. Set up in under 3 hours for off-grid ...

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

The Mobil-Grid [®] is an ISO-standard, CSC-approved maritime container that integrates a photovoltaic power plant, ready to be deployed and connected, with integrated control cell and ...
