---

It integrates a high-voltage LFP battery with a capacity of 372KWh and a power rating of 150KW, making it suitable for both commercial and industrial applications. The system includes a ...

Designed for industrial and commercial use, the BESS-372K liquid-cooled battery system delivers reliable 372kWh capacity. Featuring virtual ...

The GSL ENERGY BESS-372K is a 372kWh, 1331V liquid-cooled battery storage cabinet developed for commercial and industrial energy storage applications across the USA and ...

BESS-372K, the liquid cooling battery storage cabinet that offers high ...

This outdoor battery cabinet incorporates advanced liquid cooling technology. With its high level of system integration, it offers easy installation and enhanced efficiency.

With our C& I battery storage systems, you don't have to be physically present to monitor your energy usage. Our cutting-edge technology allows you to configure and control the system ...

This outdoor battery cabinet incorporates advanced liquid cooling technology. With its high level of system integration, it offers easy installation and ...

372kWh | 0.5C The Z BOX series is designed as an efficient energy management solution for commercial and industrial users. They help optimize power usage and increase lifecycle ...

With our C& I battery storage systems, you don't have to be physically present to monitor your energy usage. Our cutting-edge technology ...
