Based on the 210mm large-size silicon wafer and monocrystalline PERC cell, power output can exceed 550W.

This document provides specifications for a monocrystalline solar module with a power output ranging from 525Wp to 550Wp. It highlights features such as high efficiency up to 21.31%, PID ...

This Renogy 550W Monocrystalline Solar Panel maximizes power output while minimizing installation space and system equipment costs, primarily used for utility-scale ...

Certified in accordance with IEC61215,IEC61730-1/2.

This document provides specifications for a monocrystalline solar module with a power output ranging from 525Wp to 550Wp. It highlights features ...

550W Photovoltaic Solar Panels are certified for the most challenging environmental conditions. This 550W Photovoltaic high-power monocrystalline solar panel operates at 21.30% efficiency ...

Multiple EL tests throughout the production line EL images can be requested with each purchase Make sure your PV module doesn't look like the image to the right. An EL looks like an X-Ray ...

The 550-Watt Monocrystalline Solar Panel features substantial conversion efficiency and immense power output. This solar panel is equipped with exceptionally efficient (PERC) ...

Power measuring tolerance: \pm 3%, other measurements tolerances: \pm 5%. Datasheet is subjected to change without prior notice, always obtain the most recent version of the datasheet.
