Will Kazakh Mobile operators expand 5G coverage in 2025?

ASTANA - Kazakh mobile operators will expand 5G coverage in Astana, Almaty, Shymkent, and regional centers to complete the introduction of 5G mobile communications by the end of 2025, Minister of Digital Development, Innovations and Aerospace Industry Zhaslan Madiyev said at a June 18 government meeting chaired by Prime Minister Olzhas Bektenov.

How many base stations are there in Kazakhstan?

As stated by the Prime Minister's press service, 1,144 base stations have been installed in 20 cities. By the end of 2027, mobile network carriers will invest over 450 billion tenge (US\$994.3 million) in the telecommunications industry. Madiyev reported that internet usage in Kazakhstan is on par with that of developed countries.

How will Kazakh Telecom advance the Digital Silk Road?

A joint venture has been created between Kazakhtelecom and Azertelecom, and a tender to select a contractor for the design and installation of the underwater fiber-optic line is nearing completion. Another measure to advance the Digital Silk Road is the construction of a national west-east hyperhighway to increase transit traffic across Kazakhstan.

How much money does Kazakhstan Telecom invest in Azerbaijan?

Investments by telecom operators in Kazakhstan and Azerbaijan will exceed 23 billion tenge (US\$50.8 million). A joint venture has been created between Kazakhtelecom and Azertelecom, and a tender to select a contractor for the design and installation of the underwater fiber-optic line is nearing completion.
