We catch up with SemperPower, developer and owner of the two largest BESS projects in the Netherlands, discussing its commercial model, challenges, grid, regulations and more.

Discover the benefits and features of Containerized Battery Energy Storage Systems (BESS). Learn how these solutions provide efficient, scalable energy storage for various applications.

These systems meet or exceed all major international 50 Hz standards and are designed to deliver maximum performance and safety, assisted by liquid cooling for thermal management and a three-tier fire safety system.

These systems meet or exceed all major international 50 Hz standards and are designed to deliver maximum performance and safety, assisted by liquid cooling for thermal management and ...

Amsterdam Tier IV data center ditches diesel! See how its new 3MWh BESS container mission-critical UPS (2C-rate + liquid-cooled) slashes costs 60% & delivers 99.999% uptime.

BESS in the Netherlands is a new and small but increasingly necessary industry. A striking growth in battery capacity began in 2021 when the total installed capacity rose by 65% ...

In the past few months, Gard has received several queries on the safe carriage of battery energy storage systems (BESS) on ships. In this insight, we highlight ...

The renewable energy revolution is accelerating at an unprecedented pace, and at the heart of this transformation lies the BESS Container Assembly Line --a sophisticated manufacturing solution ...

On 7 April 2025, over 50 energy professionals, including financiers, developers and technical consultants, gathered at Dentons' Amsterdam office for an evening dedicated to the future ...

GIGA Storage has launched Amsterdam's largest battery project, "Giraffe" battery energy storage system (BESS) in Westhaven, marking a major milestone in the city's transition toward a ...

CAMBRIDGE, Mass. (September 10, 2024) - GE Vernova Inc. (NYSE: GEV) today announced the launch of its advanced containerized solution for Battery Enabled Energy Storage (BESS) - the ...

CAMBRIDGE, Mass. (September 10, 2024) - GE Vernova Inc. (NYSE: GEV) today announced the launch of its advanced containerized solution for Battery Enabled Energy Storage (BESS) - the RESTORE DC Block - which offers enhanced ...

In the past few months, Gard has received several queries on the safe carriage of battery energy storage systems (BESS) on ships. In this insight, we highlight some of the key risks, regulatory ...
