At Makelsan, We Are Committed To Provide complete energy solutions that guarantee power quality for all critical applications.

All operational coal-fired power stations over 50MW are listed below. Five plants were shut down at the end of 2019 to reduce air pollution, [1] leaving total installed capacity at about 17 GW, with 1.3 GW ...

Our 800 kVA 60 Hz frequency converter under control of the Italian cla... Our 1 Phase Rack Mount UPS is...

A detailed overview of Enerjisa Üretim's energy generation plants and our diverse portfolio of power sources.

All operational coal-fired power stations over 50MW are listed below. Five plants were shut down at the end of 2019 to reduce air pollution, leaving total installed capacity at about 17 GW, with 1.3 GW under construction. However, government may continue subsidizing some of the most polluting plants in 2020. In 2019 almost 500 million lira was paid to them. In 2017, imported hard coal generated 51 TWh and local coal (almost all lignite) 44 TWh of electricity.
