Austria-based Solarcont has just launched Solarcontainer, a shipping container-sized device that lets you set up a mobile solar power ...

And here comes the portable solar power containers --an innovative technology redefining the way in which we power critical communication systems into the most difficult ...

The system provides up to 80kW of discharge power and supplies plugged-in consumers with power - even when the sun doesn't. The Faber Solar-Frame ® is a mobile solar system for ...

Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Major projects now deploy clusters of ...

Solarcont, an Austrian startup, has unveiled Solarcontainer, a portable PV generator that can function as a mobile solar plant ...

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a ...

Solarcont, an Austrian startup, has unveiled Solarcontainer, a portable PV generator that can function as a mobile solar plant independent of the electrical grid.

This mobile solar container unfolds to provide solar power anytime, anywhere. Housed within a standard 20 foot high cube container frame, it transforms into an expansive solar power...

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator
