What are the characteristics of 420J2 stainless steel? Edge retention? Hardness? Any facts or comments would be appreciated.

What exactly is the difference between a sheepsfoot and lambsfoot blade? Ernie1980 Apr 4, 2017 2 3 Replies 43 Views 24K 36 minutes ago

The blade steel is AUS10. We have been incredibly impressed! I sharpen once a week, and even then it is just a minor touch up. I just ordered another knife from the same ...

Your area to discuss knives in general: Folders, Fixed blades, Swords & knife related equipment, etc. Take off topic posts to the Community Center & manufacturer specific ...

does anyone know if 4034SS is any good (mainly how well it takes an edge, and if it can hold it moderately)? i searched Google and found little about it. i know it's on the lower ...

The place to discuss all aspects of swords and sword fighting from the traditional style of the Samurai to modern European fencing, you will find it here.

All For Sale threads must have a pic showing the knife being sold with written date listed, your username & Bladeforums or BFC to prevent photo harvesting from elsewhere - ...
