ECOLOGO certified products are made with materials that reduce environmental impact at one or more stages of their life cycle, from raw materials to end of life.

Here's how I did it. There are many ways to skin a cat, and even more ways to add solar power to a shipping container. To be fair, I cheated a bit.

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.
