Highjoule's mobile solar containers provide portable, on-demand renewable energy with foldable photovoltaic systems (20KW-200KW) in compact 8ft-40ft units.

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency ...

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, we also offer the manual version of this unit.

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly ...

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight ...

These panels usually use high-efficiency thin-film solar technology, which is light, flexible and easy to fold. The panels can be folded inside the container for easy transportation ...

As an experienced OEM provider, we deliver customizable container solutions that include professional installation services and comprehensive technical support. The rugged container ...

mobile solar power system for off-grid or ...

While traditional stationary solar power systems are normally cumbersome to install and difficult to relocate, folding PV containers make use of innovative articulated panels ...

While traditional stationary solar power systems are normally cumbersome to install and difficult to relocate, folding PV containers make ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, ...

We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, ...

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with ...

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...
