What is a folding shipping container?

The Folding Shipping Container is an essential part of our Prefabricated Building offerings. Materials commonly used in prefabricated building construction include steel, concrete, wood, and glass. Each material offers unique advantages in terms of strength, durability, and design flexibility.

Why should you buy a folding shipping container?

Upgrade your Prefabricated Building with the elegant and durable Folding Shipping Container. Purchasing prefabricated building products wholesale brings cost savings, bulk purchasing discounts, and streamlined supply chains. Wholesale suppliers offer customization options and consistent quality assurance.

What can HC grow in a shipping container farm?

HC offers standard 40ft and 20ft shipping container farms, as well as smaller hydroponic containers such as hydroponic cabinets, grow boxes, etc., or more custom sizes. You can produce green fodders, strawberries, lettuce, mushrooms, weeds, herbs, microgreens, or most vegetables such as tomatoes by installing different hydroponic planting systems.

What are the different types of HC container farming systems?

There are two types of HC container farming systems, hydropower control systems for fodders, microgreens, mushrooms, etc., and nutrient solution control systems for strawberries, lettuces, herbs, etc. Efficient production of various crops can be guaranteed. Systematically targeted adjustments for different crops.
