About the Author--RALPH E. GRISWOLD received the B.S. degree in physics from Stanford University in 1956 and the M.S. and Ph.D. degrees in electrical engineering in 1960 ...

This special issue for ACORP pays tribute to the scholarly legacy of Prof Randi Reppen (Northern Arizona University).

The TCLP test provides specific particle size reduction requirements for the solid portion of waste materials.
*New address: Northern Arizona University, Department of Civil ...

For many systems in science and engineering, the governing differential equation is either not known or known in an approximate sense. Analyses and design of such systems are ...

1. Introduction In various engineering and scientific modeling applications, fundamental governing equations are either not known, or if known they are in an approximate ...

New address: Northern Arizona University, Department of Civil and Environmental Engineering, Flagstaff, AZ 86011, USA.

This work was supported by the National Science Foundation under Grants MCS79-03890 and MCS81-01916. Current Address: Northern Arizona University, College of ...

This is an open access article under the CC BY-NC-ND license (<https://creativecommons.org/licenses/by-nc-nd/4.0/>) Real-time distributed trajectory planning ...

Additionally, DarkSky together with the Illuminating Engineering Society (IES) jointly developed the Five Principles for Responsible Outdoor Lighting (International Dark-Sky ...

Introduction In various engineering and scientific modeling applications, fundamental governing equations are either not known, or if known they are in an approximate ...
