Read the latest articles of Energy Engineering at ScienceDirect , Elsevier's leading platform of peer-reviewed scholarly literature

Synopsis: Green manufacturing for colitis control via rationally selecting enzyme-responsive materials and engineering hierarchical targeted delivery systems for bio-active ...

The journal covers a wide range of topics in chemical engineering, from fundamental principles to industrial applications, including process design, optimization, and sustainability.

Here, we report the first efficient biosynthesis of dopamine from methanol through systematic metabolic engineering strategies in *P. pastoris*. Specifically, overexpressing high ...
