-----  
Is the switchgear industry in Singapore safe?

When exploring the Switchgear industry in Singapore, several key considerations emerge. Regulatory compliance is paramount, as the country adheres to strict safety and performance standards set by the Energy Market Authority (EMA) and other governing bodies.

What is the warranty on switchgear panels & control panels?

Fully customisable switchgear panels and control panels of various configurations. Fabricated to suit end user's needs and fulfil local electrical codes standards. 12 months product warranty against manufacturer defects and component defects. Site servicing, repairs, parts replacement is available upon warranty expires.

What is enclosed switchgear & why is it important?

This is relevant to switchgear, as it encompasses devices used to control and protect electrical circuits. Enclosed switches protect the user against the accidental starting of electrical machines. Our partners include ABB, Blueline, Schneider Electric & more.
