---

The foundation of the Joint venture SolarCont GmbH is sealed and the solar container matures into a marketable product. Through four eventful ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, ...

It is capable of powering around 32 households in Southern Germany and as many as 50 in Southern Europe, showcasing its potential to significantly influence regional ...

Developed by SolarCont GmbH, a collaboration between Hilber Solar GmbH and Gf&#246;llner Fahrzeugbau und Containertechnik ...

The foundation of the Joint venture SolarCont GmbH is sealed and the solar container matures into a marketable product. Through four eventful generations, we have developed from a ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

We create an independent container equipped with a 3 [kW] inverter and 3.84 [kWh] energy storage. This concept does not require connection to ...

Solarfold allows you to generate electricity where it's needed, and where it pays to do so. The innovative and mobile solar container contains 196 PV modules with a maximum nominal ...

After an easy and efficient installation, the system can be used almost anywhere. Perfect for temporary use in previously unutilized areas, Sun2Fold enables a sustainable energy supply ...

We create an independent container equipped with a 3 [kW] inverter and 3.84 [kWh] energy storage. This concept does not require connection to the grid. The containers cannot be ...

Developed by SolarCont GmbH, a collaboration between Hilber Solar GmbH and Gf&#246;llner Fahrzeubau und Containertechnik GmbH, this mobile photovoltaic system ...

Unser Mobile Power System ist eine containerbasierte Stromversorgungsanlage, die Solarmodule, einen Lithium-Ionen-Batteriespeicher und ein Notstromaggregat als 24/7-Backup ...

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly ...

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight ...

After an easy and efficient installation, the system can be used almost anywhere. Perfect for temporary use in previously unutilized areas, ...

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum ...
