The Intech Energy Container -- or ECON -- is a modular, pre-configured off-grid power solution. It combines solar PV, battery storage, inverters, and energy management in a rugged container.

Drawing on our extensive industry experience, including the deployment of hundreds of off-grid solutions over the past decade, we have gained insights into contemporary solutions involving solar and battery storage solutions.

Each unit is 100% solar-powered with battery backup, requiring no fuel, generator, or grid connection--ensuring uninterrupted, dependable operation in any environment.

15kw 30kwh High Voltage LiFePO4 Outdoor Energy Storage Container with Built-in 15kw Hybrid Inverter 3 Phase Solar Energy System US\$16,500.00 1-49 Pieces

MEOX mobile solar container deliver fast-deploy, off-grid clean energy with smart control, high durability.

BoxPower"s flagship SolarContainer is a fully integrated microgrid-in-a-box that combines solar PV, battery storage, and intelligent inverters, with optional backup generation.

These rugged, self-contained systems integrate large solar arrays, advanced battery storage, and high-capacity fuel cells -- with optional diesel redundancy when regulatory or client requirements demand it.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with
