How much does a shipping container cost in 2024?

Let's get into the shipping container market prices for 2024. The prices show substantial variations that depend on container conditions and locations. The current market shows new one-trip shipping containers ranging from \$2,800 to \$7,800. Used containers give buyers more budget-friendly options at \$1,400 to \$3,500.

Will container shipping prices remain soft?

Between now and the end of the year, container shipping prices will likely remain soft particularly if the current ceasefire between Israel and Palestine enables more shipping traffic to flow through the Suez canal. Here are some highlights from rates on major shipping routes for a 40ft container courtesy of Drewery Supply Chain Advisors:

How much does a cargo-worthy container cost?

Cargo-worthy containers give you an excellent middle-ground option. These containers show some wear but keep their structural integrity for international shipping. The price of cargo-worthy containers typically range from \$1,300 to \$6,000. They are a budget-friendly choice for many businesses.

Why is international container shipping on the decline?

Demand for international container shipping remains on the decline although many carriers are attempting to boost prices by adopting General Rate Increases (GRIs) and pushing up Freight All Kinds (FAK) rates. The composite price index fell by 5% between the first and second weeks of November.
