Together with our partners illwerke vkw and SKE Engineering Austria, the new LUNA2000-215kWh was successfully planned, delivered, and installed.

Huawei has recently introduced the industry's first commercial new smart Hybrid cooling energy storage solution in Europe. It comes with several benefits and offers a circulation efficiency of 91.3% alongside a reliable user ...

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

Overall, the Huawei Luna 2000 is a great choice for anyone looking to optimize their energy costs while implementing sustainable solutions. It offers you the flexibility, security and ...

In 2024, PVO teamed up with Huawei FusionSolar to deliver a 1.75 MW rooftop project at Navista Business Park, producing 2 million kWh of clean power annually. Using Huawei's high-efficiency ...

It can store and release electric energy based on the requirements of the inverter management system and is of modular design, the basic Battery Module being rated at 5kWhrs.

Huawei has recently introduced the industry's first commercial new smart Hybrid cooling energy storage solution in Europe. It comes with several benefits and offers a circulation efficiency of ...

With a 15-year warranty and scalable capacities from 7 to 21 kWh, it fulfils a wide range of energy storage requirements. The design enables fast charging and discharging, while integrated optimisers increase energy efficiency. Safety is ...
