---

Statera Energy has secured $512 million (GBP 395 million) of debt financing for a UK storage and flexible generation project comprising a 300 MW/600 MWh battery energy ...

LDES projects include pumped storage hydro, compressed air and liquid air energy storage and flow batteries. AG"s Energy team looks ...

Ofgem has confirmed that 77 LDES projects, totalling 28.7 GW, have passed the first eligibility stage under its new cap and floor scheme. Of these, 71 projects (24.5 GW) are ...

The pipeline of grid-scale BESS projects with planning approval in the UK has now reached 58,270MW/121,645MWh in capacity. That"s according to the latest data from Solar ...

There will be a potential surge in battery energy storage system (BESS) projects receiving grid connection offers before 2030 ...

There will be a potential surge in battery energy storage system (BESS) projects receiving grid connection offers before 2030 following regulatory reforms approved by energy ...

LDES projects include pumped storage hydro, compressed air and liquid air energy storage and flow batteries. AG"s Energy team looks at the detail behind the scheme proposals ...

The 300MW Thurrock Storage project, developed by Statera Energy, is now energised and delivering electricity flexibly to the network across London and the south east.

Discover how long-duration energy storage can help the UK reduce gas reliance, cut curtailment costs, and achieve secure, low-carbon grid.

London Grid Energy Storage Project
