Virtue Solaris offers its clients a range of unique battery energy storage solutions based on high voltage lithium ion batteries produced by renown electronics manufacturers such as Sungrow and Huawei.

Malta's utility-scale, long-duration energy storage system uses steam-based heat pump technology to deliver dispatchable, cost-effective energy.

With sunlight available 3,000+ hours annually, Malta is a prime location for solar energy adoption. However, the island's limited grid infrastructure and rising electricity costs (up 18% since 2022) have ...

Welcome to A. Falzon Energy Projects - a trusted name in energy systems since 1993. From residential setups to large-scale industrial projects, we specialize in heating, cooling, ventilation, power ...

A solar battery system is the smartest upgrade to any solar panel installation in Malta. By storing excess energy, you reduce dependence on the grid and enjoy lower energy bills.

A vital part of Malta's new energy storage solution is heat transfer technology supplied by Alfa Laval. As both an investor and a partner in the project, Alfa Laval lends more than expertise and financial backing.

Malta's premier solar battery solution for complete home energy independence. Highest-rated efficiency, longest warranty, and unmatched reliability for Maltese homes and businesses.

We at Unit Energy Ltd specialize in the installation and importation of renewable energy equipment since 2010. Unit Energy Ltd has established itself as one of the leading solar panels installers on the island.

Over the years, we have expanded our portfolio to include several energy and resource saving products,
