HyperCube is a liquid-cooling outdoor cabinet suitable for energy storage. It features high safety, a long lifespan, high efficiency, stability, scalability, and rapid response.

They transform solar-sourced DC into AC and store unused energy in high-performance battery packs, providing clean, renewable backup energy to mission-critical telecom equipment.

We provide modular battery storage cabinets and 20ft, 40ft energy storage containers that can be connected to inverters ranging from 100kW, 500kW 1MW, 2MW,3MW & 4MW from manufacturers such as Power Electronics & SMA.

We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services..

Liquid-cooled energy storage with battery cabinets This system works by circulating a specialized dielectric coolant through channels or plates that are in direct or close contact with the battery ...

Vericom energy storage cabinet adopts All-in-one design, integrated container, refrigeration system, battery module, PCS, fire protection, environmental monitoring, etc., modular design, with the characteristics of safety, efficiency, ...

This advanced system includes a 232 kWh battery unit, a 125 kW PCS (Power Conversion System), and a precision-engineered liquid cooling system to ensure optimal performance and long-term stability.

Next-generation battery management systems maintain optimal operating conditions with 45% less energy consumption, extending battery lifespan to 20+ years. Standardized plug-and-play designs ...

Vericom energy storage cabinet adopts All-in-one design, integrated container, refrigeration system, battery module, PCS, fire protection, environmental monitoring, etc., modular design, with the ...

We provide modular battery storage cabinets and 20ft, 40ft energy storage containers that can be connected to inverters ranging from 100kW, 500kW 1MW, 2MW,3MW & 4MW from manufacturers ...

At the exhibition, CATL exhibited the outdoor EnerOne electric cabinet and the outdoor prefabricated cabin system EnerC, with its advanced liquid cooled energy storage solution attracting ...

Innovative battery storage is helping to transform the power grid, making it more reliable and resilient and bringing new business opportunities and revenue streams to the enterprise.
