In order to increase Namibia's share of RE, reduce its dependency from electricity imports and minimize negative environmental impacts from fossil fuel-based electricity supply, the ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

Polyethylene totes with tight-fitting, hinged lids are highly resistant to various chemical solvents, making them ideal for storing hazardous materials. Totes with a ...

Rand PV specializes in corrosion resistant solar PV distribution boxes. Combiner boxes save labor and material costs through wire reductions while enhancing overcurrent and overvoltage ...

Namdeb Diamond Corporation has officially announced a new tender opportunity for the provision of corrosion protection, cladding, and scaffolding services, opening doors for ...

Most shipping containers are constructed from corrosion-resistant Corten steel, designed to withstand harsh maritime and outdoor environments. This makes them durable for Namibia's ...

We offer high-quality container rentals throughout Namibia, providing a cost-effective and flexible alternative to purchasing. Our wide range of ...

We offer high-quality container rentals throughout Namibia, providing a cost-effective and flexible alternative to purchasing. Our wide range of container sizes are immediately available, fully ...

As a trusted partner for wholesalers, they prioritize corrosion protection that aligns with long-term energy

storage needs. This article explores the key corrosion-resistant features ...

Manufactured from corrosion resistant steel (corten), stainless steel or aluminium, OOCL containers are of the highest quality. Please follow this link for enquiring the detailed container ...

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability ...

Polyethylene totes with tight-fitting, hinged lids are highly resistant to various chemical solvents, making them ideal for storing hazardous materials. Totes with a capacity of up to 100 lbs. are ...
