At night = at nighttime - nighttime in this sense is uncountable. At night; by train; through time; with confidence; etc., etc. are prepositional phrases in which the object of the ...

There is no rule that I know of that forbids this usage, but I would strongly advise using the one-word spelling variant: "nighttime" Finally, the Ngram chart below shows the ...

I'm looking for a synonym to night, that doesn't include night in it (nighttime), that indicates the period from sunset to sunrise. Since evening is the period from sunset to bedtime ...

Compound words such as nighttime used to be quite common in English; unfortunately, many people in modern times are forgetting about them, so their use is in decline.

How exactly are the words "evening" and "night" used in English? Are there certain times when evening, and when night, are considered to begin? Do these periods overlap?

Why do we refer to morning, afternoon and evening as "in the morning", "in the afternoon", "in the evening" but not "in the night" instead we say "at night."

Morning ends and Evening begins after the sun reaches the zennith, its highest point in the sky, regardless of the time of day. Nighttime begins after the sun has set, and also ...

"First Lover in the nighttime" is a coarse reference to the courtesy title normally awarded to spouses of higher government dignitaries. Some users are suggesting that ...
