How did New Zealand support Niue's battery energy storage system?

In addition to Australia's support, the New Zealand Government contributed \$2.5 million to relocate and restore Niue's Battery Energy Storage System (BESS). This funding has allowed the Ministry to repair the grid control system, procure necessary fuel tanks, and install cabling and connections.

When will the Niue energy project be completed?

The project will be completed mid-2026 when the Government of Niue under the Department of Utilities and Niue Power Corporation (NPC) will take over the ownership. We anticipate savings of 816,000 litres of fuel and 2,202 tCO₂e in year one. It will support Niue to deliver on our climate goals and Nationally Determined Contributions (NDCs).

When is Niue's New Power Station launching?

The Ministry of Infrastructure celebrated the soft launch of Niue's New Power Station on the 7th November 2024. The launch marks a critical milestone in Niue's journey to strengthen and modernize its energy infrastructure.

We go through each type of travel experience, along with suggested activities and accommodations, in this complete travel guide to Niue. Location: Niue is an island in the South ...

In addition to Australia's support, the New Zealand Government contributed \$2.5 million to relocate and restore Niue's Battery Energy Storage System (BESS). This funding ...

In addition to Australia's support, the New Zealand Government contributed \$2.5 million to relocate and restore Niue's ...

Niue is a self-governing island country in free association with New Zealand. It is situated in the South Pacific Ocean, is part of Polynesia, and is predominant...

Niue (Niuean: Niue, NYOO-ay) is an island in Oceania approximately halfway between Tonga and the Cook Islands. With a population of only 1,600, it is one of the world's least populous countries.
