-----

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

The main production includes industrial and commercial container energy storage systems, BESS energy storage systems, customized equipment shelters, and high and low voltage ...

- Experience an impressive system efficiency of  $\geq 85\%$ , maximizing the conversion of solar energy into usable power. - With its versatile grid connection options (off-grid, hybrid grid, on-grid), ...

Our foldable solar containers combine advanced photovoltaic technology with modular container design, delivering rapid-deployment, off-grid renewable energy with industry-leading efficiency.

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

We distribute for, or carry, almost every module manufacturer under the sun. If you're looking for JA Solar, Mission, Astronergy, Trina, Qcells, SEG, Adani - give us a ring. All of our modules ...

They can be installed in remote areas that are not connected to the national grid, making them an ideal solution for off-grid communities, military bases, and disaster-stricken areas.

RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully
