How much does a cargo-worthy container cost?

Cargo-worthy containers give you an excellent middle-ground option. These containers show some wear but keep their structural integrity for international shipping. The price of cargo-worthy containers typically range from \$1,300 to \$6,000. They are a budget-friendly choice for many businesses.

What is a collapsible bulk container?

Collapsible bulk containers, also known as knockdown containers or knockdown bins, are space-saving containers perfectly engineered for both durability and longevity. These foldable containers are made of high-density polyethylene (HDPE), a durable material that will protect your product throughout the duration of the container's life.

Do manufacturers offer customisation options for collapsible containers?

Yes, many manufacturers provide customisation choices for collapsible containers, including those for bulk use. You can often have the option to select various sizes, colors, even have your logo printed on them. However, the accessibility of these options can differ from one manufacturer to another and may influence the cost of the containers.

How much does a wind and water tight container cost?

Wind and water tight (WWT) containers are your most affordable option if you need storage solutions. These containers are usually more than 10 years old and therefore priced between \$1,800 and \$4,300. Here's a complete comparison of container grades: WWT containers might show visible rust and dents, but they work perfectly for storage purposes.
