A new floating solar farm will cover 36% of Lower Seletar Reservoir, contributing significantly to Singapore's renewable energy goals by 2029. Read more at [straitstimes](#) .

Sembcorp Industries is working on two clean energy projects that boost energy storage and solar power capacity on Jurong Island. In a statement, Sembcorp said it has ...

Singapore-based energy and urban development company Sembcorp Industries has officially opened the 285-MWh utility-scale energy storage system (ESS) on the country's Jurong Island.

Sembcorp boosts Jurong Island's ESS capacity and inaugurates Singapore's largest solar farm, advancing the nation's clean energy transition.

Singapore is testing advanced ESS as an alternative, as the country relies more on solar power and imported electricity. The expanded ESS is one of two clean-energy projects ...

Singapore could sit at the "core" of new regional electricity grids in Southeast Asia, according to research from Rystad Energy.

SINGAPORE: The largest energy storage system in Southeast Asia opened on Jurong Island on Thursday (Feb 2), in another push for solar power adoption in Singapore.

Built across two sites on Jurong Island, our ESS enhances Singapore's grid resilience by mitigating the impact of solar intermittency as the republic progresses towards achieving its ...

In 2021, Singapore unveiled one of the world's largest floating solar panel farms, spanning an area equivalent to 45 football fields. It is ...

Built across two sites on Jurong Island, our ESS enhances Singapore's grid resilience by mitigating the impact of solar intermittency as the republic ...

In 2021, Singapore unveiled one of the world's largest floating solar panel farms, spanning an area equivalent to 45 football fields. It is able to power five local water treatment ...

Singapore-based energy and urban development company Sembcorp Industries has officially opened the 285-MWh utility-scale energy storage ...

Developed in collaboration between the Energy Market Authority (EMA) and SP Group, this innovative project aims to enhance the stability and efficiency of Singapore's ...

SINGAPORE: The largest energy storage system in Southeast Asia opened on Jurong Island on Thursday (Feb 2), in another push for ...
