-----  
What is a high-capacity solar trailer?

A high-capacity solar trailer, like the SPOG Trailer, is an essential tool for natural disaster preparedness. Built with peace of mind in mind, it provides reliable, off-grid power to keep essential devices and appliances running during emergencies.

How many solar panels can a RevoPower solar trailer run?

The RevoPower Solar Trailer is built with precision and detail in the USA. It can be paired with up to (6) 100W Solar Panels as well as ANY of our solar generators and expansion boxes. When combined with solar panels and a RevoPower solar generator, you'll bring the party with you! Features:

Can I use a solar generator with a trailer?

We can outfit the trailer with other solar generators, but these are designed for outdoor use. Trailer-specific features: Certificate of origin will be mailed separately. \*\*Recommended speed 45MPH max. Experience the ultimate in portable, high-capacity solar power...

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

BigBattery's Solar Trailers are cutting-edge, mobile solutions that provide sustainable solar power generation & state-of-the-art lithium power storage for commercial & ...

Enclosed SOLAR POWERED Offgrid Self-Sufficient Trailer is equipped with the latest SOL-ARK 120V/240V AC 15K Inverter and 32KW of Lithium Battery Storage. With solar capabilities and ...
