----

Does the "in" imply multiplication, in which case split in half is correct, or is it division? It sounds like the latter to me, but I"ve heard it used both ways.

In the sentence I have a bibliography page which I"d like to split in/into sections which would you rather use: split in or split into? Why?

The sentence with not between to and the verb (do in this case) is a special case of the split infinitive construction. According to CGEL, 2.3 Secondary verb negation, p. 803, these two ...

Every entry has a word split into syllables, and technically speaking, according to traditional rules of typesetting, you can hyphenate a word at any syllable boundary. For example in the ...

Split infinitives involve the to-infinitive specifically. The "to" not a "preposition"; it is a infinitive marker. Lastly, I found your arguments about "wanna" & "gonna" unconvincing and irrelevant ...

The problem with this is that unlike the runs or scissors or the heebie-jeebies or any other example I can think of, The Splits has multiple forms of use that necessitate a ...

The past tense, and past participle of "split" is "split". I don"t think that "splitted" is grammatical, though I dare say it gets used.

For the most part, the words are interchangeable. Distinguishing between multiple examples of such things can be aided by their individual connotations: crack a line on the surface of ...

What should be used in below sentence: "split" or "split up", and why? We need to split up the background

image of the website into two parts.

What is the meaning of the following sentence? You have successfully split a hair that did not need to be split. Source: this post on the Programmers Stack Exchange.
