Where can I buy supercapacitors & ultracapacitor?

Supercapacitors & Ultracapacitors are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many supercapacitor and ultracapacitor manufacturers including Cornell Dubilier, Eaton, Elna, KEMET, KYOCERA AVX, Maxwell, Vishay & more.

Which supercapacitors and ultracapacitor manufacturers does Mouser sell?

Mouser is an authorized distributor for many supercapacitor and ultracapacitor manufacturers including Cornell Dubilier, Eaton, Elna, KEMET, KYOCERA AVX, Maxwell, Vishay & more. Please view our selection of supercapacitors and ultracapacitors below. Filter the results in the table by unit price based on your quantity.

Are super-capacitors the next step in the evolution of energy storage?

Ionic considers that super-capacitors and nano-capacitors are the next step in the evolution of energy storage. Research and development expenditure on these devices is advancing quickly and the research indicates these devices have many advantages over current battery technology.

What is a supercapacitor & how does it work?

Thanks to their low equivalent series resistance (ESR), supercapacitors provide high power density and high load currents to achieve almost instant charge in seconds. Temperature performance is also strong, delivering energy in temperatures as low as -40°C.

YAGEO Group's PHS223/PHV223 hybrid polymer capacitors deliver ultra-low ESR, high ripple current, and up to +140°C operation. Ideal for automotive, industrial, and data center applications, they offer robust performance in a compact, reflow ...

Altronics stock a range of capacitors including polyester, electrolytic, MKT style, tantalum, ceramic, monolithic, bipolar, super caps, mains and motor start varieties. Common voltages and values ...

YAGEO Group's PHS223/PHV223 hybrid polymer capacitors deliver ultra-low ESR, high ripple current, and up to +140°C operation. Ideal for automotive, industrial, and data center applications, they offer ...

The company has its main operational, research and development base in Sydney, Australia, and sales offices in South Carolina and Texas, USA and Taipei, Taiwan.

H2G is the exclusive Australian supplier of Skeleton SuperCapacitors, whose technology is based on patented Curved Graphene, Skeleton's energy storage solutions represent the biggest technological ...

Buy Supercapacitors. element14 Australia offers fast quotes, same day dispatch, fast delivery, wide inventory, datasheets & technical support.

The leading Supercapacitor Manufacturers in Australia are listed in this directory. You can narrow down the list of manufacturers based on their location and capabilities, browse their product catalogs, view ...

So, with our super-capacitor technology, we aim to launch a viable product into a rapidly growing market consumer electronics market where new technology is critical to both meeting existing customer ...

Mouser is an authorized distributor for many supercapacitor and ultracapacitor manufacturers including Cornell Dubilier, Eaton, Elna, KEMET, KYOCERA AVX, Maxwell, Vishay & more.

So, with our super-capacitor technology, we aim to launch a viable product into a rapidly growing market consumer electronics market where new technology is critical to both meeting existing customer requirements and also driving capacity ...

CAP-XX has a significant research and development team based at its headquarters in Sydney, together with global sales support and marketing, applications engineering, quality assurance and ...

Find where to buy products from Australian suppliers, including: distributors, industrial manufacturers, bulk supplies and wholesalers of raw ingredients & finished goods.
