What is a collapsible bulk container?

Collapsible bulk containers, also known as knockdown containers or knockdown bins, are space saving containers perfectly engineered for both durability and longevity. These foldable containers are made of high-density polyethylene (HDPE), a durable material that will protect your product throughout the duration of the container's life.

Are knockdown containers Reusable?

Our knockdown containers are durable and reusable, providing optimal storage and stacking. What are Collapsible Bulk Containers (Knockdown Containers)? Collapsible bulk containers, also known as knockdown containers or knockdown bins, are space saving containers perfectly engineered for both durability and longevity.

Are collapsible containers durable?

Yes, most collapsible containers are designed to be strong and durable to withstand the weight of the items stored inside. They are usually made from robust materials such as heavy-duty plastic or metal. However, the exact durability will depend on the specific product and manufacturer.

Do manufacturers offer customisation options for collapsible containers?

Yes, many manufacturers provide customisation choices for collapsible containers, including those for bulk use. You can often have the option to select various sizes, colors, even have your logo printed on them. However, the accessibility of these options can differ from one manufacturer to another and may influence the cost of the containers.
