---

TWI doesn't feel 3D VoIP is necessary. A lot of people in the community disagree. I'm requesting that a coder make a local Voice-Chat mutator. It doesn't have to be full fledged ...

Another brainless marionette! I am enthusiastic about KF and TWI and here posters badmouth this. I hope TWI-staff feel offended and ban such traitors like yourself from ...

In case you missed it Haloween 2011 achieves are now available! Nice one TWI, time to get my mando chicken on!:D

I wonder if TWI is looking into improving KF in future. There lots of awesome updates were done to game, and I wonder if it worth of writing suggestions into suggestions ...

TWI, we need a micro patch to fix the Ping issues as soon as possible. Please! :confused: Everyone i have talked to is complaining about it, and they say they wont play until ...

It would be nice if someone from TWI could give us some informations about the bug fixes and changes what we can expect from the next update (and i don't mean the classic ...

In the TWI Wiki, it says that going over 500 ROStaticMeshDestructibles in a single map is inadvisable. Could a dev please elaborate on exactly how this number was derived? I ...

Hi all, I am placing forth a proposal that I hope the community and TWI both agree on, which will see a change to the current map whitelisting procedure. Here is the problem I ...

Seeing as how KF's advertisements have helped TWI so much, will HoS have advertisements also since it

doesn't hurt the game? That would be awesome because that ...

Do the devs (or anyone) have a recommended IDE? EPIC uses nFringe + Visual Studio correct? Is this what TWI is using? What do you recommend? Thanks.
