Why should you choose Varta Storage?

VARTA Storage provides comprehensive advice on the right choice of your battery solution. CellPac BLOX offers flexibility with a range of semi-customized battery solutions. CellPac BLOX from VARTA Storage suits customers in need of semi-customization and where design-cycles, engineering costs and time to market are to be minimized.

What are the features of a car battery pack?

Built in contactor control, pre-charge, battery management and safety systems. 3 x 25A auxiliary outputs for HVAC and other systems. Bolt or weld in, add cooling and 12v ignition. Compact, high density battery pack to fit under the hood of most larger classic vehicles including 4x4s, muscle cars, trucks and bigger Euro sports cars.

What cars have a 12V battery pack?

Bolt or weld in, add cooling and 12v ignition. Compact, high density battery pack to fit under the hood of most larger classic vehicles including 4x4s, muscle cars, trucks and bigger Euro sports cars. Land Rover Series and Defender, Bronco, Mustang, Monaro, Land Cruiser and more.

What is a 'universal' battery pack?

It might look simple, but Fellten's 'Universal' battery pack represents years of experience designing and manufacturing hundreds of electric powertrains.

Buy custom lithium battery packs that provide reliability and efficiency from Voltaplex Energy.

The wide range of our state-of-the-art CellPac LITE battery packs includes batteries with UL 2054 and IEC 62133 certifications, thereby significantly reducing the design-in cost and time-to ...

Compact, high density battery pack to fit under the hood of most larger classic vehicles including 4x4s,

muscle cars, trucks and bigger Euro sports cars. Land Rover Series and Defender, ...

Battery packs are expensive and possibly dangerous, and the addition of a BMS to a BESS raises prices. Higher safety standards and a greater demand for BMS control are related to ...

Immediately available lithium-ion battery packs. They are made exclusively of cylindrical or prismatic lithium batteries. CellPac LITE power packs are fitted with an electronic protective ...

This compact, high-density battery pack fits under the hood of most larger classic cars, 4x4s, trucks, and muscle cars. It provides up to 300 km of ...

Duracell Coppertop AA + AAA Batteries, 56 Count (Pack of 1), Re-closable Pack for Easy Access and Organized Storage, Contains 28 Double A Batteries and 28 Triple A Batteries

The wide range of our state-of-the-art CellPac LITE battery packs includes batteries with UL 2054 and IEC 62133 certifications, thereby significantly ...

Lithium primary cells and battery pack assemblies provide the highest specific energy (energy per unit weight) and energy density (energy per unit volume) of any battery type.

Compact, high density battery pack to fit under the hood of most larger classic vehicles including 4x4s, muscle cars, trucks and ...

If you are looking for a ready-to-use and scalable energy solution, our 24V, 36V and 48V battery packs offer a standardised platform for flexible ...

Well, Valletta's energy storage battery systems are rewriting this script through cutting-edge AGM technology and military-grade durability. Let's explore why 83% of failed renewable projects in ...

If you are looking for a ready-to-use and scalable energy solution, our 24V, 36V and 48V battery packs offer a standardised platform for flexible system architectures.

This compact, high-density battery pack fits under the hood of most larger classic cars, 4x4s, trucks, and muscle cars. It provides up to 300 km of range and supports fast recharging, ...
