-----

solarcont has developed a mobile solar container that stores and unrolls foldable photovoltaic panels for portable green energy anywhere.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, ...

These panels usually use high-efficiency thin-film solar technology, which is light, flexible and easy to fold. The panels can be ...

The Solarfold photovoltaic container can be used anywhere and is characterized by its flexible and lightweight substructure. The semi-automatic electric drive brings the mobile photovoltaic ...

We distribute for, or carry, almost every module manufacturer under the sun. If you're looking for JA Solar, Mission, Astronergy, Trina, Qcells, SEG, ...

We have deployed Solar Power Container units at three of our mines and the results have been outstanding. The ease of transportation and short installation time saved us weeks of downtime.

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with ...

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency ...

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of

130kWp, and can be extended with suitable energy storage systems. The ...

Discover folding solar containers with solar panel integration, ideal for off-grid living. Features steel structure, 5-year warranty, and fast installation.

These panels usually use high-efficiency thin-film solar technology, which is light, flexible and easy to fold. The panels can be folded inside the container for easy transportation ...

We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, we also offer the manual version of this unit.

The Solarfold photovoltaic container can be used anywhere and is characterized by its flexible and lightweight substructure. The semi ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, ...

We distribute for, or carry, almost every module manufacturer under the sun. If you're looking for JA Solar, Mission, Astronergy, Trina, Qcells, SEG, Adani - give us a ring. All of our modules ...
