Have any questions?

What are outdoor electrical cabinets & enclosures?

Browse our range of outdoor electrical cabinets and enclosures and discover why we're a trusted name in the telecom industry. An outdoor telecom enclosure is a specialized cabinet designed to house and protect telecommunications equipment in outdoor environments.

What is a typical battery cabinet?

A typical cabinet integrates batteries, racking and chargers into an indoor (NEMA 1 or IP21) or outdoor (NEMA 3R or IP54) rated enclosure. There are many different options and accessories available, making every system unique and built to your site-specific needs.

What are the different types of battery backup cabinets?

Battery strings can be disconnected and moved with minimal to no network disruption. 12V Battery Backup (BBU) cabinets ideal when a large battery backup is required. Composite Pads (CPAD) have replaced poured-in-place or pre-cast concrete pads because they enable more rapid network deployment.
