-----

This "Regulatory Roadmap" provides guidance on the requirements for acquiring an offshore wind commercial lease on the ...

Energy storage can transform intermittent clean energy--primarily derived from wind and solar--into a reliable source of 24/7 generation. As a result, energy storage has seen ...

The US Energy Storage Monitor is a quarterly publication of Wood Mackenzie Power & Renewables and the American Clean Power Association (ACP). Each quarter, new industry ...

The study involves energy generation systems incorporating photovoltaic arrays, wind turbines, batteries, hydrogen storage, thermal energy storage, and concentrated solar ...

LPO can finance projects across technologies and the energy storage value chain that meet eligibility and programmatic requirements. Projects may include, but are not limited to: ...

This "Regulatory Roadmap" provides guidance on the requirements for acquiring an offshore wind commercial lease on the Outer Continental Shelf (OCS), pursuant to 30 CFR ...

On May 29, 2025, Texas Governor Greg Abbott signed House Bill 3809 (HB 3809) into law, adding new provisions to the Texas Utilities Code that ...

If you invest in renewable energy for your home such as solar, wind, geothermal, fuel cells or battery storage technology, you may qualify for an annual residential clean energy tax credit.

Energy storage has become a central part of renewable energy systems. The 2023 NEC introduces new safety regulations for battery energy storage systems (BESS). These ...

All power systems need flexibility, and this need increases with increased levels of wind and solar. There are many sources of flexibility such as from improved system operations, generators, ...

On May 29, 2025, Texas Governor Greg Abbott signed House Bill No. 3809 into law, adding new provisions to the Texas Utilities Code that impose decommissioning and financial assurance ...

On May 29, 2025, Texas Governor Greg Abbott signed House Bill 3809 (HB 3809) into law, adding new provisions to the Texas Utilities Code that impose decommissioning and financial ...
